

FI9928P

More powerful than ever

1080P PTZ dome

Sony Starvis

Ambarella Chip

Dual-motor Lens

4X optical zoom

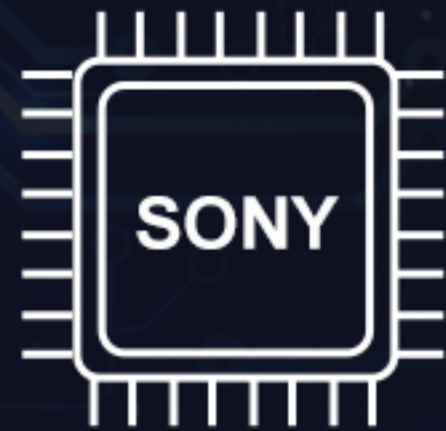

Luxury hardware for most powerful camera

Professional SONY CMOS sensor, the low light imaging sensor, supports low lux color night vision and shows you more details with full color image in near darkness. Reliable Ambarella chip provides smooth video feed at low bit rate. 4X optical zoom dual-motor lens is equipped for superb magnification effect.

Ambarella Chip

Starvis CMOS Sensor

9-layer Glass Lens

Full color image in near darkness

Powerful SONY Starvis sensor supports low light color night vision and shows you more details with full color image in near darkness. The 1080P high definition video feed is sharper than ever.

Starvis Night Vision

Conventional

Artful 4+2 grouping of infrared lamps for clearer night vision

To provide clearer night vision image, six highly efficient infrared lamps are divided into two groups for wide angle viewing and narrow angle viewing respectively. The switch of lamp group corresponds automatically to the focus of lens.

Wide Angle Viewing

Narrow Angle Viewing

Wide Angle Viewing

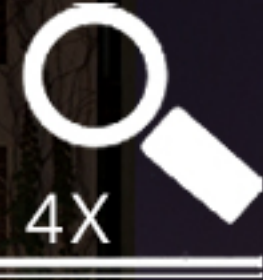

Narrow Angle Viewing

Tips: IR range of FI9928P for night vision is up to 196 feet/60 meters.

Super wide pan & tilt range and 4X optical zoom

Control the pan & tilt rotation of camera from your phone to see your space without blind spots. Never leave anything to doubt with 4X optical zoom and 6X digital zoom. Auto focus works well with zoom to provide clear image for you.

4X optical zoom

Waterproof external Micro SD card slot for easy operation

Insert Micro SD card for local storage is not tricky any longer. You don't need to disassemble the camera, but just remove the two screws on a small cover to see the Micro card slot. The best part is, both the cover and other parts of camera are waterproof for the outdoor use.

Water-resistant

Thermostable

Cold-resistant

Anti-dust

Retain crucial moments with Foscam Cloud Service

TF card storage is relatively cheap. But what if it fails? Or perhaps a fire? Or worse, as part of a burglary, it is stolen along with your other valuables? Its capacity is far from enough for you? Foscam Cloud Service can help settle all these problems.
